TONSON MAN

VOTE NOV. 8

“I've worked with Tonson for many years in CBEST training and found him to be unfailingly generous with his time and effort in assisting students to advance their teaching careers. Tonson's honesty, integrity and interest in education are unquestioned.”

Bill McCall, a retired English teacher

OUR VIEW: 10/17/2001

Man is a strong advocate of standards and testing – including the high school exit exam – and places a premium on learning. Clearly, El Monte Union needs an educator such as Man at the helm.

OUR VIEW: 09/29/2009

First, we give our endorsement to Tonson Man, one of the better board members in the San Gabriel Valley. Man is up on the numbers, is proud of how the board and superintendent used early retirement to save the district money so it could hire back pink-slipped teachers as well as 31 new teachers. Man never loses sight of what he's there for: "I'm proud to say our kids are improving," he said. He voted against soda vending machines on campus before state law required and pushed for more physical education. "It's an honor and a privilege to serve on the board," he said.
